Clients:

- City of Kent
- Tarragon Development
- Lease Crutcher Lewis

Triad Solutions:

- Survey Project Management
- Survey
- Planning

Location:

Kent, Washington

Timeline:

2000 – 2008

Project Description:

Kent Station is a \$130 million, 700,000-square foot, mixed-use revitalization reality for the City of Kent. It includes a branch community college campus, movie multiplex, shopping center, restaurants, and a planned hotel and condominium complex. Featuring a resident-friendly town plaza, this community gathering space is located next to Sound Transit's commuter rail station and a short walk to downtown Kent.
